Pre-Competition Decisions:

The competition format, timing, proctoring and site limits will be conducted under the direction of the competition manager.

**Format**
Competition Managers may choose to have students take the competition by online or paper administration. Only one administration type is allowed for each AMC exam.

**Timing**
Competition Managers may choose a start time for students to take the online competition, synchronously. If students cannot take the competition at the synchronous time, then a student may request an alternate time and take the competition asynchronously pending their CM's approval.

**Proctoring**
Competition Managers may choose to have students proctored by the competition manager virtually (via video call) or by an in-person parent/guardian/supervising adult for the online competition ONLY. There is no student limit for virtual CM proctoring; however CM must indicate which students they will proctor in their CM portal. Paper administration requires in-person Competition Manager proctoring.

**Site Limits**
Competition Managers may choose to limit the number of students registered at their site. We encourage all students to take the AMC at their home institution.

During and After the Competition:

**During the competition:**
*For CMs proctoring students*, please start video conferencing with students at least 30 mins ahead of time and begin proctoring as students sign into the competition site. Students will complete a competition flow which includes sections, such as:
- Rules and regulations
- The Competition page (featuring a timer)
- A post-competition integrity form and final submission page

**After the competition:**
Monitor your email for competition updates and the AMC Toolkit which provides scores and awarding information.
